Arrow Corps is a CLB mission initiative designed to help congregations engage their communities in mission for the Gospel of Jesus Christ. *Arrow Corps* teams will be placed in CLB congregations that have demonstrated a willingness to embrace change and creatively engage their community—new church plant initiatives will also be considered. These churches will not be passive recipients of *Arrow Corps* teams, but will be called on to embrace for themselves training in evangelism and outreach. *Arrow Corps* teams will consist of 8 to 12 young adults and active retirees trained in outreach and evangelism serving the congregation as a partner in revitalization and as missionaries to the community.
